The Trialbook, Student Edition (Coursebook)

Synopsis

Designed as a trial advocacy text and a resource manual of trial theories and techniques. Offers a thorough approach to the preparation and presentation of a case for trial. Each facet of a trial is systematically discussed and analyzed. Offers the benefit of years of litigation experience. Tactics, ideas, approaches, concepts, strategies, and considerations are presented in a systematic format for use in all civil and criminal, jury and court trials. Provides a structure and analytical approach to trial advocacy to increase understanding and improve trial performance. Each major facet of a trial appears in a separate chapter.

Customer Reviews

This book was published in 1984 and suffers from not being updated. The forms for the trial notebook need to be on a CD or in a downloadable form. Otherwise, the book is very helpful. The book shows lawyers how their trial notebook should look before they enter the courtroom for trial. Throughout the book there is legal research provided next to the outlines you might use at trial. For example, in the chapter on Opening Statements, you are given an outline for an opening statement and then some comments to guide you on what are proper and improper remarks you can make.
