Customer Reviews

Good read but missing pages in the kindle edition. I've requested a refund due to this. Also the

pages are photocopied into kindle edition

The format of the pages in the book looks like the printed book was copied and scanned into pdf format and sent to the kindle. Making the print bigger is a page by page exercise. Do not recommend downloading this to Kindle in its current format. This complaint is a review of the format of the electronic version and not about the book itself. I personally will order a printed copy of the book.
