Customer Reviews

Buying books through is so easy and convenient. I love the trade in option. is geared around a college student. Love buying books through , best way to go!

The book is broken down to make the course content less daunting. I found it easier to learn from with plenty of cases to reference by. Plus it's way cheaper than the old book

Good book, some of the data is a little confusing as to their meaning, definition but otherwise a good book.

Introduction format. A lot of short chapters! Easy read.

Clear and concise and like the case examples!

Poorly written and contradicting information.

Great textbook. Informative and easy to read.

This is the book I needed for my Class.
