Customer Reviews

Cyn Morris continues to surprise with her second volume of AnimaCrostics. There is so much we don't know about the lives of animals until Cyn's quotations tell us. I plan to give this volume to adult friends I am hoping to "hook" on solving Acrostics.

If you're ever asked how many hairs are in a sea otter's fur, you will amaze everyone with your answer. When asked how you knew that, tell 'em there's a lot more you've learning by solving AnimaCrostics, Vol.2.Baffling Beasts by Cynthia Morris. .How many word puzzles could teach you such things?Every puzzle I solve brings a new delightful surprise making me look forward to the next one. Oh yes, the answer to the sea otter fur? You gotta solve the puzzle!

These puzzles are educational, but so much fun your kids won't notice that they're learning. The step-by-step instructions are really helpful, and there are lots of funny clues and quotes.

Your kids will love these acrostics!

Loved it.
