Customer Reviews

This is a good book with a few minor flaws. A few of the puzzles are basically the same puzzle worded differently. A couple read as though they were poorly translated from another language. On the whole, though, they are interesting and thought-provoking.

Broken English makes some of the riddles incomprehensible. This book was free when I got it, and I would only recommend it at that price. Recommendation is to skip the riddles that are hard to understand.

This book has the best riddles and brain teasers. They may take some time but when you figure them out, get a kind of "self accomplishment" feeling. If you are looking for a book of this nature, this is the perfect book for you.

With these 75 amazing riddles, you'll never be bored! Great time filler for me. Waiting at the bus stop, or taking a break at work or just in a trip, these riddles will keep you busy for hours wracking your brain! Really fun!

I love riddles and this book rocks. It's perfect to take for a trip, or when you are in the bus or metro. All of the quizzes are very challenging but not impossible. The format is PERFECT for Kindle and the price is so cheap.

I liked the book, but the translation I received is so error-ridden that you get treated to an extra puzzle each time you try to figure what the words should be. In some cases it even changed what would be the logical answer to the riddle. Some times it was annoying before it was entertaining.

great book. Haven't gone through all the puzzles but it's a good mix of easy to hard puzzles. good for brain exercise. Also fun to sit down with the kids (10-11 year+) and have them figure these out.

I love these books! So much fun! Must have. Challenging.. just overall amazing riddles you will spend hours solving them! Recommended!
