Writing About Movies (Third Edition)

Synopsis

The most succinct, practical, and affordable introduction to thinking and writing about film. Writing About Movies offers students two books in one: a handy guide to the process of academic writing and a brief but thorough introduction to the basics of film form, film theory, and film analysis. Written by the director of the writing program at Dartmouth College and the authors of the leading introductory film-studies text, Writing About Movies is the only writing guide a student of film will need.

Customer Reviews

I needed this book for a humanities course for film appreciation and I just needed to know some vital facts about the world of film, editing, sound, mise en scene, etc. This book contains all of that information in a short, well-written, paperback version of the facts. Great price!

Short book bought it for Film class in college and it was inexpensive. Also the writing in the book, unlike most of these guide books are short clear and concise.

Great book; worth the full read, especially if you are taking a film class.

Bought this book as a requirement for "Writing About Movies" class. I could've just Googled terms instead and saved my money.

Came in great condition and had lots of interesting points.

It was excellent and even exceeded my expectations

Fast shipping and perfect for my class!
