Very well organized presentation of Contract law. Starts with Promises and Consideration and goes

into mutual assent. Have now used Farnsworth and Dawson and so far I believe this is one of the best texts we have used. This is our first year using this book and I will post additional comments as the year progresses.

Quick delivery. But the highlights and notes are not moderate as described...I can't even do my own highlights clearly.

This book was water damaged and the back pages came apart from the book! I am not satisfied with this purchase!

Short, succinct, and doesn't spoonfeed you the law. This was one of my favorite textbooks.
